

## Cleanroom Assembly Technician – Hatboro, PA

Ready to show the world what you can do to help cure disease and improve world health? Want to be part of a winning team and earn top compensation? Come join an agile organization with less red tape that makes smart decisions fast. We are highly focused on delivering results for our customers, our suppliers, and most importantly, our employees.

### **Here's the opportunity for you...**

Due to increasing demand for Single Use technologies, Sentinel has built an ISO 7 Cleanroom to fabricate assemblies used in Biotech, Pharmaceutical and Cell Therapy research and manufacturing. We are looking for a driven Cleanroom Assembly Technician to join our team. Most of your time will be spent in a clean, precisely controlled environment doing high quality, light assembly work but you may be called to perform other tasks as well to fulfill customer orders. Our goal is to provide you with the tools and procedures needed to “delivery results”. Sentinel follows all CDC guidelines to ensure our employees safety – we want you to come to work and go home each night in good health.

**Sentinel Process Systems, Inc.** has reached our 3-year goal of doubling the size of the business by 2020. And now we have even greater aspirations. One reason we continue to achieve our growth and profitability goals is the commitment to our unique, winning culture - The SPS Way. This is an exciting time to get on board and take advantage of a successful and growing organization.

### **As a highly valued team member, you will enjoy:**

- Flexible, agile business structure with less red tape empowering you to make more decisions to do what's right for your teammates and most importantly, our customers
- Excellent and competitive hourly compensation plan plus bonuses
- Benefits plan including medical and dental coverage, prescription drug coverage, a vision-care plan, disability benefits and life insurance
- Work life balance - Enjoy time off as well as many other wellness benefits
- Paid sick time, paid company holidays and paid vacations
- Stability – Sentinel Process Systems, Inc. has been in business for 70 years and owes much of our success to a culture of delivering results and legendary service to customers.

**If you have the following, Sentinel wants to hear from you:**

- Mechanical aptitude and experience with production style assembly work
- Ability to work with basic drawings/production prints and perform high quality assemblies
- Experience working under GMP conditions in a Cleanroom environment
- Knowledge of Pharmaceutical or Medical Device manufacturing
- Strong desire to perform at a high level with precision
