

ADRX DISCONTINUATION

August 2020

NEW SUFFIX NAME

GEMÜ has discontinued diaphragms with the “ADRX” suffix that were individually packaged with the batch lot number on the bag. The “ADRX” diaphragms have been replaced by diaphragms the suffix “P01”. The “P01” diaphragms have additional information on the packaging to assist in receiving and identification process. The “P01” diaphragms also come with a detailed validation package. The wetted materials of construction are not impacted nor is fit; form or function. Should you have any questions or concerns, please feel free to contact GEMÜ Valves directly or via your local distribution company.
